

WHITMAN COUNTY PUBLIC WORKS SMALL WORKS WORKSHEET

PROJECT NAME: 2019 Road Stabilization Project in the Pullman, WA Area

DESCRIPTION: (Materials, Application, Supplies, Equipment)

Whitman County is soliciting quotes for delivery and application of Magnesium Chloride to sections of 4 roads for a total of 8.06 miles of treated roadway. Roads to have material applied are as follows:

- Country Club Rd. 1.69 miles @ 26' wide
- Brayton Rd. 3.23 miles @ 20' wide
- Hilty Rd. 2.63 miles @ 19' wide
- Sunset Rd .51 miles @ 22' wide
- Landfill Site approx. 6350 sq. yards

Whitman County will do all prep work and traffic control for the project. Successful bidder will deliver and apply two .20 gallons/square yard applications for a total of .40 gallons/square yard applied on all roads **Except on Country Club Rd. and at the Landfill Site we would like to apply two .25 gallons/square yard applications for a total of .50 gallons/square yard applied.** Bidder must use a metered distributor for an accurate and even application. Bidder will coordinate with Whitman County to insure roadway is prepared properly prior to application. Whitman County would like to target a May 21st, 2019 start date for this project. Whitman County crews work 10-hour days Monday thru Thursday. Application should be for an estimated total of 105,925 square yards and 45,583 gallons applied knowing that the actual gallons and/or tons may differ. Material delivered must be large enough in quantity to complete at least one road per day.

This is considered a public works project so prevailing wage applies. A copy of the wages paid statement will need to be provided to Whitman County at the end of the project. Invoices will be paid within 30 days of receipt.

All delivered materials, equipment, application and supply costs, plus tax, should be included in the quote. Please provide costs per ton and an estimated total cost not including tax.
